Reference Letter

To whom it may concern

We, AXIMA Marine Mecklenburg, certifies that the company PILLARTEC has been involved for the HVAC Scope of work of the first ship of the Global Class Project, Cruise ships 205.000 Tons to be erected at MV Werften shipyards in Germany.

We express our satisfaction about the cooperation, and we attest about the skills of the company for HVAC services. In these regards, we appreciated the flexibility of the company to adapt its workforce to our needs in critic areas (Trunks and Air Conditioning rooms).

The supervision of the workers was also appreciated to meet the contractual schedule with good quality level.

For these reasons, we fully recommend this company.

For the Customer

Mr. Vincent LEPAROUX
Project Buyer
AXIMA Marine (ENGIE SOLUTIONS)
